DIVISION OF
OIL, GAS & MINING

Gentlemen:

I am in receipt of your \$10,000 performance bond for the Chum Mine and will recommend to the Director that it be accepted on March 16, 1981. Upon conferring with the Division of Oil, Gas, and Mining, your plan for mining and reclamation also appears acceptable. The only remaining question seems to be with respect to the disposal plan for mine water, and we will hopefully soon hear from the Department of Health on that matter. Pending approval from the Health Department, your operation may proceed as per your mining and reclamation plan.

Please take note that no royalty reports have yet been received. Royalties must be submitted on a timely basis in accordance with the lease, and accompanied by a 6% penalty fee when submitted late.

Sincerely yours,

JOHN T. BLAKE
